I am she. My name is Berina. I am 23 years old. Currently, I am living in Pula where I am on my long EVS. I come from Sarajevo, and I finished University of Graphic and Multimedia Design. I fall in love with NGO sector and volunteering from my high school times. I have been a volunteer for more than six years. I received many Youth passes, and I am working on one right now.

In first part many “she” you could read. In the second part many “I” is visible. If you want to describe the Youth pass and its contribution in life, these 1000 words would be containing more than 50% of “I” inside the text. The continuation of the sentence could go: “for a reason known to her”. But, no. The reason which is known to me is a youth pass.

Everything that I am,
Everything that surrounds me,
Everything that I love,
Everything that I like and dislike,
Everything that I need,
Everything that I want,
Everything that I am aware of,
Is due to the YOUTH PASS.

Thanks to creating a list of activities which goes directly under key competences after an experience person gained.

Being aware of who you are and your existence in complete meaning is the most important part of your life. After acknowledging it, you are starting to live your life. Live your dream, or you can say it however your mind concepts it. It is my opinion, and I am telling from my life experience. I am living a life being aware of me, myself and I. I am being aware of surrounding, my position there and many other things about which I could write more about. There are many reasons which were gained by circumstances, people, things, etc. and they guided my path, but in 20+ where you are guided by yourself – Youth pass helped me to continue living my way of lifestyle.

Youth pass is the best guide ever!
