In this unit you will ...

- find out about free-time activities in Wales.
- present information about a sport.
- make an emergency call.
- read a report from a school website.
- pass on information about a free-time activity.
- watch a film about an adventure in Wales.

Unit 2

Adventures in Wales

1 **Learn a language.** Are you going to Wales? Learn Welsh! Lots of people speak this very old language. We will read menus and road signs in our course, and you will learn how to get to know people and have a short conversation in Welsh.

2 **Ride down a mountain.** Mount Snowdon is the highest mountain in Wales (1,085 metres). The longest zip line in Europe is near here. It's a mile long and you travel at over 60 miles an hour! You can do skiing here too.

3 **Visit Cardiff Castle.** The capital city of Wales is Cardiff. Why not visit Cardiff Castle? It's located in the middle of a beautiful park in the city centre. The castle is almost 2,000 years old! People often make films here too.

4 **Try a water sport.** Wales has a very long coast and many rivers, so you can try many different water sports. Canoeing, rafting and surfing are very popular activities.

5 **Be a volunteer.** Lifeboats are very important in Wales. Every year, the lifeboats help thousands of people in trouble at sea. The people on lifeboats are usually volunteers.
